18. State **two** importance of tooth clipping in pigs. (1 mk)

19. Give **four** factors that make mud walls to be undesirable . (2 mks)

SECTION B (20 MARKS)

Answer all the questions in this section in the spaces provided.

20. Study the illustration below and answer the questions that follow.

(a) Identify the parts labeled: J, K, L and N. (2mks)

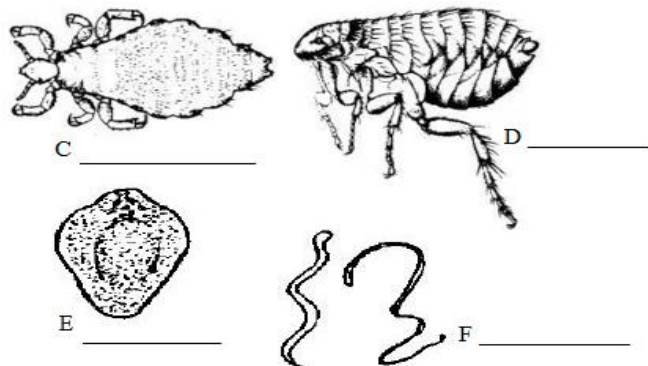

J _____ K _____

L _____ N _____

(b) State **two** uses of parts labeled L. (2mks)

(c) State **two** reasons why it is important to have the structure labelled N at the edge of the roofing materials. (2mks)

21. (a) (i) Identify each of the parasites of livestock shown below and answer the questions that follow: (2 mks)

(ii) Give **two** categories of the above parasites.

(2mks)

(b) List any **four** harmful effects of the parasites E and F in livestock.

(2mks)

22. The diagram below shows the reproductive system of a cow. Study it carefully and answer the questions that follow.

(a) (i) Name the parts labeled L and M.

(1 mk)

L _____ M _____

(ii) State the functions of each of the parts labeled J and K.

(1 mk)

J _____

K _____

(b) State **two** signs of parturition in cows

(2 mks)

23. The diagram below represents sections through an artificial brooder.

(a) Give **two** uses of the part labeled X.

(1 mk)

(b) Name **two** suitable materials to use for part labeled X

(1mk)

(c) Give the use of the apart labeled Y.

(2 mks)

(d) List **two** advantages of natural brooding of chicks.

(2 mks)

SECTION C (40 MARKS)

Answer ANY TWO questions from this section in the spaces provided after question 26.

24. (a) State and explain the various factors that should be considered when siting farm structures. (10 mks)

a) State **five** benefits of live fences in the farm. (5 mks)

b) Describe **five** advantages of artificial insemination in livestock breeding. (5 mks)

25. (a) (i) State any **five** advantages of using animal power in the farm. (5mks)

(ii) State **five** factors to be considered in order to achieve optimum animal power in the farm. (5 mks)

(b) (i) Outline the maintenance practices carried out on a water cooled engine system in a tractor. (6 mks)

(ii) State **four** roles played by engine oil in a tractor. (4 mks)

26. (a) Discuss *Brucellosis* disease under the following sub-headings:

(i) Causal organism. (1 mk)

(ii) List **two** livestock attacked by brucellosis. (2 mks)

(iii) Symptoms of attack. (4 mks)

(iv) Control measures (4 mks)

(b) (i) Explain the causes of swarming in bees. (6 mks)

(ii) Name and explain the uses of **three** materials collected by bees. (3 mks)
