RIDDLES

- A riddle is a statement or a question with veiled meaning posed as a puzzle to be solved.
- The riddles play functions such as:
  - They boost the creativity of kids.
  - They entertain.
- Some examples of riddles include:
  - What gets wetter and wetter the more it dries? A towel.
  - What can you catch but not throw? A cold.
  - What goes around the world but stays in a corner? A stamp.
  - Give me food, and I will live; give me water, and I will die. What am I? Fire.

Riddling Process

- There are two parties involved: the audience (respondents) and the challenger (or the riddler).
- There are basically four stages of a riddling process, but at times six.
- The parts of the riddling process are:
  1. The riddler challenges the audience. The challenge differs from community to community. Some phrases used here include: riddle riddle!, I have a riddle! Etc.
  2. The respondents accept the challenge. The invitations include: riddle come! Throw it! Etc.
  3. The riddler then poses the riddle.
  4. The guess or guesses. The audience tries to come up with the solution. If they are unable, then the next part follows.
  5. The challenger asks for a prize. The prize can be a town or city, or any other thing. The challenger accepts the prize.
  6. Then the solution is given by the challenger.

Exercise

Read the riddling convention below and then identify its six parts.

Challenger: I have a riddle!
Respondent: Throw it.
Challenger: What comes down but never goes up?
Respondent: Wind
ChALLENGER: no, try again.
Respondent: Bird
ChALLENGER: What will you give me if I offer the solution?
Respondent: You will have the entire fire to yourself.
ChALLENGER: The answer is rain.

MASTERY OF CONTENT

DEBATE

- A formal contest of argumentation between two sides is what debate is.
- Debate embodies the ideals of reasoned argument, and tolerance for divergent points of view.
- There are two sides in the debate: the proposition and the opposition.
- These two teams are presented with a resolution, such as, ‘Girls and Boys Should play in a mixed football team.’
- The teams are given enough preparation time.
- The team affirming the resolution speaks first.
- The opposing team then must refute the arguments offered by the affirming team and offer arguments rejecting the resolution.
- Both sides are given the opportunity to present their positions and to directly question the other team.
- Neutral judge (s) then evaluate the persuasiveness of the arguments and offer constructive
feedback.

**Preparation Time**

This is the time you have from when the motion is announced to the beginning of the debate. During this time:

1. Research on the motion to get facts. The facts can be got from the teachers, other students, etc.

2. Write notes on the facts. You can once in a while look at them during your presentation.

3. Practice how to speak. Do it in front of friends and relatives, as well as in front of a mirror.

4. If anxious, do some physical exercise. You can also take a deep breath just before your presentation.

5. Dress decently.

**Points Delivery**

Here are the points that will help you be successful during your points delivery:

1. Deliver your points in a confident and persuasive way.

2. Vary your tone to make you sound interesting. Listening to one tone is boring.

3. Speak quite loudly to be comfortably heard by everyone in the room. Shouting does not win debates.

4. Make eye contact with your audience, but keep shifting your gaze. Don’t stare at one person.

5. Concisely and clearly express your points to be understood by your audience members.

6. Provide a proof for each point you put across. If you don’t you will not earn a point.

7. Speak slowly and enunciate your words. When you slow down your speech, you give your audience and the judge more time to process your strong points.

8. Use gestures to elaborate on your points.

9. Pause to divide your major points.

**Heckling**

- Only supportive and argumentative heckling is permitted.

- Heckling is a brief phrase (about two words) or other non-verbal actions that are directed to the judge of the debate.
They are reminder to the judge to pay close attention to the message immediately expressed by the speaker.

There are two types of heckles:

- Those that are non-verbal, such as,
  
  (a) Rapping the knuckles on the desktop.
  
  (b) Rapping the palm on the desk.
  
  () Stamping the feet
  
  They are meant to encourage the judge to heed a particularly strong point being made by the speaker.

- Those that are verbal, such as,
  
  (a) Objective
  
  (b) Evidence
  
  () Point of information

They are said after standing up by one member of the opposing side. These are meant to alert the judge to a problem in the opposing side’s argument.

**Exercise**

After you deliver your points during the debate, everyone claps for you. How could you have delivered your points to earn their heckling?

IMPORTANCE OF RESPECTING PERSONAL SPACE

A personal space is an imaginary area between a person and their surrounding area. This space makes the person feel comfortable and should therefore not be encroached.

The distance can exist at work, at home and in our social circles.

The personal space varies depending on factors such as:

(a) Gender
(b) Trust
(c) Relationship
(d) Familiarity with the person.

Why Respect People’s personal Space?

1. To make them feel comfortable.
2. To maintain good relationships.

3. To enhance listening. Especially during a talk.

**General Personal Space Rules**

The personal space guidelines below will help enhance listening and speaking:

1. Respectfully keep your distance if you walk into a room and see two people in private conversation.

2. Pay attention to your volume when you speak, whether on the phone or in person, to ensure you don’t distract attention of others.

3. Maintain physical space at table and chair rows so the people around you have enough room to write, raise their hands, etc.

4. Be mindful of amount of perfume or cologne you wear as if it is in excess it might distract others.

5. Never lean on the other person’s shoulder unless invited to.

6. Don’t eavesdrop on another person’s phone conversation. In case you overhear details of the conversation, keep it confidential.

**Dealing with Space Intrusion**

Depending on the nature of the intrusion, you would deal with space encroachment in different ways. Here are the steps of dealing with a person who leans on your shoulder:

1. Lean away or take a step back away from the person hoping they would take a hint.

2. Come right out and say you feel discomfort being too close.

3. Explain why you need more space. You can for example tell them you need more space to write.

**Exercise**

READING FOR FORM ONE

READING SKILLS

SILENT READING

- It involves reading without pronouncing the words out loud.
- It is reading to oneself.

Bad Silent Reading Habits

The following are some of the bad silent habits which you must try to break:

(a) Moving your lips when you read

(b) Vocalizing
Vocalizing means that you are pronouncing words in the voice box of the throat without making sounds. This also slows your reading rate to that of speaking.

(c) Regressing out of habit
Regression means rereading a word, phrase, or sentence out of habit and not because of need. Sometimes, it is necessary to reread something, especially in a difficult passage. But habitual, unnecessary regressing really slows you down.

(d) Reading one word at a time

(e) Moving of the head as one reads.

(f) Pointing the words as you read.

USING A DICTIONARY

Reasons for using a dictionary

A dictionary is a very important tool for anyone who is learning a new language. With a good dictionary you can do the following:

- look up the meaning of an English word you see or hear
- find the English translation of a word in your language
- check the spelling of a word
- check the plural of a noun or past tense of a verb
- find out other grammatical information about a word
- find the synonym or antonym of a word
- look up the collocations of a word
- check the part of speech of a word
• find out how to say a word
• find out about the register of a word
• find examples of the use of a word in natural language

To be a good dictionary user, however, it is not enough to know what to use the dictionary for. You must also decide which is the best dictionary for any of the purposes listed above.

Finding words quickly

✓ You will need to know the English alphabet perfectly.
✓ Use the guide words at the top of each dictionary page.

Finding the right meaning of an English word

Very often when you look up a new English word, you find that it has more than one meaning. If you are not sure which one is correct, check through all the meanings and find the one that makes most sense in the context where you found the word.

Finding the right spelling

Another problem you may have is when you want to check your spelling but you can’t find the word you’re looking for. Here is what to do:

• If you are sure of the first few letters, just look down the page until you find the right spelling.
• If you are not sure of the first few letters, try some other possibilities. You know for example that some words that start with an -n sound have p as their first letter, e.g. . So if you can’t find the word under N, try looking in the P pages.

USING THE LIBRARY

When you walk into a library, there are many resources at your fingertips. You just need to know what to use, how to use it, and when to ask for help.

Different Types of Libraries to Use

Depending on the topic you need to study, you might find that different libraries might serve you better.

The different types of libraries include:

• **Public:** This library is the typical library working to make sure the local community has the books it needs without having to charge anyone to read them.
• **Home library**
• **Class library**.
• **School library**

Using the library is easy and it only takes a little direction from you in order to fully realize how many books can help you with your topic of study.

**Consulting the Librarian**

At times, you may not know where to begin with a research topic. If you are not sure where to go or what questions to ask, it can help to bring in a third party who is not attached to your research: the librarian.

Talking to the librarian will help have book titles that have been helpful to you. If you already have found helpful books, show the librarian so they can look for similar books in the stacks.

WRITING FOR FORM 1

SPELLING

SPELLING RULES
The following rules will help you spell words correctly.

**Rule 1: “/ before E except after C”;**

- achieve, believe, bier, brief, hygiene, grief, thief, friend, grieve, chief, fiend, patience, pierce, priest
- ceiling, conceive, deceive, perceive, receipt, receive, deceit, coney

**Exceptions**

neighbor, freight, beige, sleigh, weight, vein, and weigh and there are many exceptions to the rule: either, neither, feint, foreign, forfeit, height, leisure, weird, seize, and seizure.

**Rule 2: “Dropping Final E”**

When adding an ending to a word that ends with a silent e, drop the final e if the ending begins with a vowel:

- advancing
- surprising

However, if the ending begins with a consonant, keep the final e.

- advancement
- likeness

(However, if the silent e is preceded by another vowel, drop the e when adding any ending: argument, argued, truly.)

**Exceptions:** to avoid confusion and mispronunciation, the final e is kept in words such as mileage and words where the final e is preceded by a soft g or c: changeable, courageous, manageable, management, noticeable. (The word management, for example, without that e after the g, would be pronounced with a hard g sound.)

**Rule 3: “Dropping Final Y”**

When adding an ending to a word that ends with y, change the y to i when it is preceded by a consonant.

- supply becomes supplies
- worry becomes worried
- merry becomes merrier

This does not apply to the ending -ing, however.

- crying
• studying

Nor does it apply when the final \( y \) is preceded by a vowel.

• obeyed
• saying

Rule 4: “Doubling Final Consonants”

When adding an ending to a word that ends in a consonant, we double that consonant in many situations. First, we have to determine the number of syllables in the word.

Double the final consonant before adding an ending that begins with a vowel when the last syllable of the word is accented and that syllable ends in a single vowel followed by a single consonant.

• submit is accented on the last syllable and the final consonant is preceded by a vowel, so we double the \( r \) before adding, for instance, an -ing or -ed: submitting, submitted.
• flap contains only one syllable which means that it is always accented. Again, the last consonant is preceded by a vowel, so we double it before adding, for instance, an -ing or -ed: flapping, flapped. This rule does not apply to verbs that end with "x," "w," "v," and "y," consonants that cannot be doubled (such as "box" [boxing] and "snow" [snowing]).
• open contains two syllables and the last syllable is preceded by a single vowel, but the accent falls on the first syllable, not the last syllable, so we don't double the \( n \) before adding an ending: opening, opened.
• refer contains two syllables and the accent falls on the last syllable and a single vowel precedes the final consonant, so we will double the \( r \) before adding an ending, as in referring, referral. The same would apply to begin, as in beginner, beginning.
• relent contains two syllables, but the final consonant is preceded by another consonant, not a vowel, so we do not double the \( t \) before adding an ending: relented, relenting.
• deal looks like flap (above), but the syllable ends in a consonant preceded not by a single vowel, but by two vowels, so we do not double the final \( l \) as in dealer and dealing. The same would apply, then, to despair: despairing, despaired.

PUNCTUATION

CAPITALIZATION
Capitalization Rules

**Capitalization** is the writing of a word with its first letter in uppercase and the remaining letters in lowercase.

Capitalize the first word of a document and the first word after a final punctuation mark (full stop, question mark, exclamation mark).

Capitalize proper nouns—and adjectives derived from proper nouns.

**Examples:**
he is Brian’s father

In Juja

Capitalization Checklist

- Brand names
- Companies
- Days of the week and months of the year
- Holidays
- Institutions  
  *the University of Nairobi*
- Natural and artificial landmarks  
  *the Fourteen Fall, the Mount Kenya*
- Religions and names of deities
  **Note:** Capitalize the Bible (but *biblical*). Do not capitalize heaven, hell, the devil, satanic.
- Special occasions  
  *the Olympic Games, the Cannes Film Festival*
- Streets and roads

Capitalize specific geographical regions. Do not capitalize points of the compass.

**FINAL PUNCTUATION MARKS**
The Period, Full Stop or Point

➢ The period (known as a full stop) is probably the simplest of the punctuation marks to use. You use it like a knife to cut the sentences to the required length.
➢ Generally, you can break up the sentences using the full stop at the end of a logical and complete thought that looks and sounds right to you.

Mark the end of a sentence which is not a question or an exclamation

Examples

• Kisumu is the third largest city in Kenya.
• I am writing you soon.

Indicate an abbreviation

Examples

• I will arrive between 6 a.m. and 7 a.m.
• We are coming on Fri., Jan. 4.

Period after a single word

Sometimes a single word can form the sentence. In this case you place a fullstop after the word as you would in any other sentence. This is often the case when the subject is understood as in a greeting or a command.

Examples

• "come."
• "Stop."

Periods in numbers

Numbers use periods in English to separate the whole number from the decimal. A period used in a number is also called a "decimal point" and it is read "point" unless it refers to money.

Examples

• Sh. 10.50 is its price.
• Her weight is 60.60
The Exclamation Mark

The exclamation mark is used to express astonishment, or surprise, or to emphasise a comment or short, sharp phrase. In professional or everyday writing, exclamation marks are used sparingly if at all.

Examples

- Help! Help!
- That's unbelievable!
- Get out!
- Look out!

You can also use exclamation marks to mark a phrase as humourous, ironic or sarcastic.

Examples

- What a lovely day! (when it obviously is not a lovely day)
- That was clever! (when someone has done something stupid)

The Question Mark

Use the question mark at the end of all direct questions.

Examples

- What is your name?
- Do you speak Italian?
- You're Spanish, aren't you?

Do not use a question mark for reported questions

Examples

- He asked me what my name was.
- She asked if I was Spanish.
- Ask them where they are going.
The Comma

Use comma to separate phrases, words, or clauses in lists

➢ *A series of independent clauses (sentences)*

Example

I cried to her, she asked me to stop crying, and afterwards she took me out for lunch..

➢ *A series of nouns*

Examples

- Don’t forget to buy milk, ice cream, and fish.
- Gregory, David, and Christine arrived in time.

➢ *A series of adjectives*

A list of adjectives usually requires commas. However, if an adjective is modifying another adjective you do not separate them with a comma (sentence 3).

Examples

- She was young, beautiful, kind, and intelligent.
- The house we visited was dark, dreary, and run-down.

➢ *A series of verbs*

Examples

- Tony ran towards me, fell, yelled, and fainted.
- The boy leapt, spun, twisted, and dove into the water.

➢ *A series of phrases*

Examples

- The car smashed into the wall, flipped onto its roof, slid along the road, and finally stopped against a tree.
- The dog leapt into the air, snatched the Frisbee in its mouth, landed, and ran off into the forest.

More Uses

1. **Enclosing details**
Use a comma to enclose non-defining relative clauses and other non-essential details and comments. The comma is placed on either side of the insertion.

Examples

- China, one of the most powerful nations on Earth, has a huge population.
- Goats, unlike cows, do not like grass.

2. Participial phrases

Examples

- Hearing the sad news, Fred fainted.
- Walking home from school, I met my old friend.

3. Tag questions

Examples

- She hates you, doesn't she?
- We have no business together, have we?

TAKING NOTES

How to Take Notes

➢ There is no one “right” way to take notes. Very different approaches can be equally effective, depending on the context.
➢ The key thing is to ensure that you remain actively engaged with the material whilst taking notes.
➢ If all you do is copy down what you hear or read, then you won’t actually be learning anything at all. You may not even understand your notes when you come back to review them later!
➢ Do the following:

(i) Be concise
(2) be as neat as possible
(iii) use headings and numbered points
(4) use abbreviations/shorthand
(v) Leave spaces in between your notes in case of any additions.

➢ Avoid the following:

• copying out sentences or passages verbatim (i.e. word for word)
• copying a mass of factual information

1. CREATIVE WRITING

POEMS

Poem Writing Tips

There are a few things to think about before you start writing your poem. The following tips on writing poems will help you get started.

- Know your purpose. Know why you are writing a poem and what you want it to do.
- Pick a subject. Poems can be written about any topic under the sun.
- Avoid clichés. These are sayings that have been overused, like busy as a bee, or blind as a bat.
- Use imagery. Paint with your words and use concrete words that appeal to the senses. Abstract words cannot give the reader a good picture of what you are trying to say.
- Use similes and metaphors. Similes compare two things, like “you are sweet as honey” and usually use the word “like” or “as.” Metaphors state that one thing is another thing, like “you are a pig.” Things being compared in a metaphor have at least one thing in common but are very different in other ways.
- You can also consider using rhyme, alliteration, consonance, etc

IMAGINATIVE COMPOSITIONS

Elements of Imaginative Compositions

In order to write a good story, use these important elements:

a) Characters: Refers to those who act in the story. They should be people, animals or objects that think and talk.

b) Setting: Describes time and place of the story for example: classroom, lakeside, town
etc.

c) Plot: Refers to the series of actions that the characters go through as they try to solve a problem. In the plot, we have the:

1. **Introduction**: This is usually short. It presents the character, the situation or the problem, and part of the setting.
2. **Development**: This simply shows how the situation affects the characters and what they do to try and solve the problem.
3. **Conclusion**: This shows the solution of a problem. It is usually short. It may lead to a happy, sad or surprise ending.

When writing a story, remember to *organise* the flow of your events so that the reader’s interest is maintained throughout the story. The element of suspense should also be created and maintained so that the reader will want to find out what is most likely to happen in your story.

You can create suspense by:

1. Including mystery
2. Changing the scene
3. Creating unexpected events
4. Including dialogue
5. Giving surprise ending
6. Moving from one character to another
2. PERSONAL WRITING

(a) Diaries

- A diary is a written record of things that happen each day.
- It is also a record of things you plan to do per day and the time you plan to do so.
- A diary is also the book in which you write down things that happen to you on daily basis.

Diaries to Record what is planned to be done

- Here, we record things we plan to do.

Today, I started writing my first poem. I thought of what to write and by
lunch time, an idea crossed my mind. I decided to write about corruption. I entitled it “Another Bond - Eurobond”. I had a lot to write about it. As I write now, my dear, I have completed writing it. Hopefully, I will write another one before the week ends. I will inform you about it once that is done. Bye
➤ An address is a superscription of a letter directing who the letter is meant to reach.
➤ The writer also writes their address in the letter to allow for the reply.
➤ An address is written on an envelop, letter, or package.

Addresses in Letters
➤ Address format vary according to the type of letter written.
➤ Even though they are written differently, there are common features such as:
  • The post office box number
  • The postcode
    • The street, road, or building where the post office is located
    • The city or town
    • The country
➤ There are two formats of writing addresses:
  • Block format; and
  • Indented format

Block Format
➤ Address written in a block.
➤ Paragraphs also blocked.
➤ An example is

```
KILIMAMBOGO FOOD AND BEVERAGE,
P.O. BOX 555-35400,
KILIMAMBOGO – KENYA.
```

Indented Format
➤ Written on a slant.
➤ The paragraphs in the letter are also indented.
➤ An example is:

(a) Migori Polytechnic-40400- P.O. Box 654- The Principal-Kenya- Migori

() Kenya Labour-The Director-30210- P.O. Box 90100- Kenya- Nairobi

(c) PACKING LISTS

➢ At times you find yourself forgetting something when packing for a trip.

➢ It is important to get organized. Writing a packing list will be key in ensuring no item intended to be carried during a trip is forgotten.

➢ A packing list is therefore a checklist for what to bring along with them.

➢ To make the most out of your trip you have to pack the right items.

➢ What you pack will highly depend on factors such as:

() The place you are visiting. If for example, you are visiting a place where it is hot, there will be no need of carrying heavy clothes.

() Means of transport. There is a limit to what one should carry depending on the weight.

() Number of days.

() The reason for visiting. For example if going on a camp, you need carry camping gear.

How to Start

(i) Get a piece of paper and a pen and write “PACKING LIST”. This forms part of the title. The other part is the place to visit.

() Write number of days. It is advisable to do this as it will help you tell how many clothes you will need. It might not sound good to carry only two underpants, for example, if the trip will last a week.
Draw a table with columns containing item category, item, quantity, and description. The various item categories are:

- Entertainment list, for example, CDs, Radio, etc.
- Clothing List, for example, underpants, skirts, etc.
- Camping Gear, for example, sleeping bag,
- Toiletries, for example, toothpaste, soap, etc.

In that table fill all the items and all its columns appropriately.

Dear James,

Hi James! Hope you are fine back there in Rongo. My sister and I are very much fine.

I’m just writing to let you know I quit my old job and found something new in Migori town.

I was really fed up with working at Banana Academy as there was little work enough to challenge me anymore. You know me; if there is no enough, I get bored too easily and have to find something new.

I’m now teaching at Sunsun in Migori and the kind of work I do suits me to the ground. I teach two candidate classes. The work here is not only challenging, but it is rewarding as well. I know you will find it hard to believe... but you just have to.

That is not all for now! I’m getting married in a couple of weeks. He is working in the neighbouring school. So many promises I hope he will fulfill he has not stopped to give. I also find him the best among the many. When the time comes I believe you will come and celebrate with us.

Keep in touch,

Brigit
