8. Read the passage below and then answer questions that follow. (10 mks)

A long time ago, Katana and his friends went to the forest.

"Let us cut down these trees," Katana said. "We can sell the wood for a lot of money."

His friends nodded. The men started to cut down the trees using their axes. It started raining. The men continued cutting down the trees. They did not mind getting a little wet.

Then it started raining heavily. There was thunder and lightning. Katana put his axe down. Lightning struck his axe. The axe started burning. The other men dropped their
Axes. They all looked for somewhere to hide. Luckily, they found a cave.

After sometime, the rain stopped. The men went to get their axes. All the axes were burnt. The men ran home. They learnt that it was wrong to cut down trees.

a) Where did Katana and his friends go? ________________________________________
