MATHEMATICS COMPREHENSIVE MARKING SCHEME

1. 47 665 210

Forty seven million six hundred and sixty five thousand two hundred and ten.

(C) - knowledge.

2. The largest = 54210
Smallest = 10245

43965

A - Comprehension

3. $12 - (196 \div 14) \times 2 + 26$
BODMAS

$$\begin{aligned} 12 - 14 \times 2 + 26 \\ 12 - 28 + 26 \\ 12 + 26 - 28 \\ 38 - 28 \\ 10 \times 2 \square 20 \end{aligned}$$

B - Synthesis

4. 499.972
499.99
+ 0.01

500.00

D - Comprehension

5. GCD of 48, 60, 72

2	48	60	72
2	24	30	36
3	12	15	18
4	5	6	

GCD = $(2 \times 2 \times 3) = 12$ L
= 12L - Comprehension

6.

$\angle YTB = 125^\circ$
A - Analysis

7. 24 workers = 30 days
1 worker = 24×30 days
20 workers = (24×30)

$$\begin{aligned} & \frac{24 \times 30}{20} \\ & = 36 \text{ days} \\ 36 - 30 & = 6 \text{ more days} \end{aligned}$$

D - Evaluation

Pinpoint Code 002

8. P - sh 60000
T = 2 1/2 years
 $I = (68250 - 60000) = 8250$
 $I = PRT$

$$\frac{100}{8250 = 60000 \times R \times 2.5}$$

$$\frac{100}{8250 = 600 \times 2 \times R}$$

$$R = 8250$$

$$\frac{600 \times 2.5}{R = 5 \frac{1}{2}\%$$

A - Analysis

9. Nj : Mercy
3 : 1

$$\begin{aligned} \text{Njuguna} &= \frac{3}{4} \\ (\frac{3}{4} \times 20000) \\ \text{sh. } 15000 \end{aligned}$$

C - Application

10. Scale = 1 : 50000
Length = 8cm
Width = 5 cm
Actual = $P = 2L + 2W$
 $= 2(8+5)$
 $= 26$

Actual
(26 × 5000)m

$$\begin{aligned} \frac{100}{26 \times 5000} \\ = 13000\text{m} \\ = 13\text{km} \end{aligned}$$

A - Application

11. No. of poles = Distance

$$\begin{aligned} & \frac{\text{Distance}}{\text{Spacing}} + 1 \\ & \frac{3.75 \times 1000}{50} + 1 \\ & = 76 \end{aligned}$$

B - Evaluation

12. $\frac{1}{2}$ of $4 \frac{1}{2} \div 2 \frac{1}{3} \times \frac{7}{9} - \frac{2}{5}$
BODMAS

$$\begin{aligned} \frac{1}{2} \times \frac{9}{2} &= \frac{9}{4} \\ \frac{9}{4} \div 2 \frac{1}{3} \times \frac{7}{9} - \frac{2}{5} \\ (\frac{9}{4} \times \frac{3}{7} \times \frac{7}{9}) \times \frac{3}{4} \\ \frac{3}{4} - \frac{2}{5} &= 15 - 8 \\ \frac{20}{20} &= \frac{7}{20} \end{aligned}$$

A - Analysis

13. Total = 7354
Women = X
Men = X + 1022
 $X + X + 1022 = 7354$
 $2x = 7354 - 1022$

$$2x = 6332$$

$$\frac{6332}{2} = \frac{3166}{2}$$

Women = 3166
Men = 3166 + 1022

$$= 4188$$

C- Analysis.

14. Bars of soap = $120 \times 2 \frac{1}{2} = 300$
 Sugar = $320 \times \frac{11}{4} = 600$
 Flour = $2 \times 80 = 160$
 Rice = 40
 Total = sh 900

D - Application

15.

$$12.25 \times 10000 = 122500\text{m}^2$$

$$\text{Length} = \sqrt{1225000}$$

$$= 350\text{m}$$

$$P = 350 \times 4 = 1400\text{m}$$

$$5 \text{ strands} = (1400 \times 5)\text{m}$$

$$= 7000\text{m}$$

B - Synthesis

16. Area = $\frac{1}{2} h (a + b) \times 2$
 $= h (a + b)$
 $5(15 + 12)$
 $= 135\text{m}^2$

Area painted (135×2)
 $= 270\text{m}^2$

17. $M = 12$

$$n = \frac{1}{2} \times 12 = 6$$

$$w = 5$$

$$\frac{1}{2} (2m + nw) n^2 + 2m$$

$$\frac{1}{2} (2 \times 6 + 6 \times 5) - 6 + 2 \times 12$$

$$\frac{1}{2} (12 + 30) - 36 + 24$$

$$21 - 36 + 24$$

$$21 + 24 - 36$$

$$= 9$$

C- Comprehension

18. $70\% = 840$
 $30\% = 30 \times 840$

$$\frac{70}{100}$$

$$= 360$$

D - Comprehension

19. Tamara = 1.8min
 1 min = $\frac{1}{8}$ of the room
 Jane = 12 min
 1 min = $\frac{1}{2}$ of the room
 1 min (Both) = $\frac{1}{2} \times \frac{1}{8} = 2 + 3$

$$\frac{24}{100}$$

$$1 \text{ min} = \frac{5}{24} \text{ of the room}$$

$$\frac{5}{24} = 1 \text{ min}$$

$$\frac{24}{24} = (\frac{24}{24} \times 1) \times \frac{24}{5}$$

$$= 4 \frac{4}{5} \text{ min}$$

A - Evaluation

20. Football = $360 - (90 + 36 + 14)$
 $= 360 - 240$

$$= 120$$

$$120 = 18$$

$$360 = (360 \times 18)$$

$$\frac{120}{100}$$

$$= 54 \text{ pupils}$$

C - Application

21. 60 km /hr

Total Distance = 120 km

Total time = 30 min + 30min + time after puncture

Time after puncture = D/S

$$D = (60 \times \frac{1}{2}) = 30\text{km}$$

$$= 120 - 30 = 90\text{km}$$

$$\frac{90}{45}$$

$$= 2 \text{ hrs}$$

Total time taken = 30min + 30min + 2hrs

$$= 3 \text{ hrs}$$

Av. Speed = $120 / 3 = 40\text{km/hr}$

B - Comprehension and synthesis

22. $20(x - 1 + (3x + 3)) = 20(11)$

$$\begin{array}{r} 5 \quad 4 \quad 1 \\ 4(x-1) + 5(3x+3) = 220 \end{array}$$

$$4x - 4 + 15x + 15 = 220$$

$$4x + 15x + 15 - 14 = 220$$

$$19x + 11 = 220$$

$$19x = 220 - 11$$

$$19x = 209$$

$$\frac{19}{19} \quad \frac{19}{19}$$

$$x = 11$$

D - Analysis

23. Amount of litres = (75×6)
 $= 450 \text{ litres}$

Wednesday be x

Monday = x + 5

$$x + x + 5 + 73 + 80 + 76 = 450$$

$$2x + 312 = 450$$

$$2x = 138$$

$$\frac{2}{2} \quad \frac{2}{2}$$

$$\text{Monday} = 69$$

$$\text{Monday} = (69 + 5)$$

$$= 74 \text{ litres}$$

A - Synthesis

24. S.A = $(\frac{22}{7} \times 14 \times 14) + \frac{22}{7} \times 28 \times 30$

$$616\text{cm} + 2640\text{cm}$$

$$= 3256\text{cm}$$

B - Comprehension

25. Food - 25%
 Rent - 35%
 Fees - 16%

$$\frac{66\%}{100}$$

$$\text{Saving} = (100\% - 76\%)$$

$$= 24\%$$

$$34\% = 6000$$

$$100\% = 100 \times 6000$$

$$\frac{24}{100}$$

$$\text{sh. } 25000$$

C - Application

26. Speed = 72km/hr
 Time taken = 1 min = $\frac{1}{60}\text{hr}$

$$D = S \times T$$

$$D = 72 \times \frac{1}{60}$$

$$= 1.2\text{km} \quad \text{B - Comprehension}$$

27. **Procedure**
 i) draw line EF = 6cm
 ii) Measure 60 from T then draw a line.
 iii) Mark point G 7 cm from F
 iv) Join G to E
 v) Bisect two lines
 vi) Using the point of intersection as the centre of the circle, draw a circle touching the vertices.
 vii) Measure the radius.
 = 3.8cm

D - Synthesis

28. 15 below melting point
 = - 15
 Rise in temp = 48 - 15
 (48 + 15)
 = 63

C - Comprehension

29

$$\begin{aligned} \text{Area} &= 5 \times 6 \times 2 = 60 \\ 8 \times 5 \times 2 &= 80 \\ &= 140 \text{ m} \end{aligned}$$

$$\begin{aligned} (\text{Exclude the floor and the room}) \\ &= 140 - 14 \\ &= 126 \text{ m} \end{aligned}$$

C - Evaluation

30. Base = 2.5
 Area = 2.5 × 2.5
 = 6.25
 42.25 - 6.25
 = 36

$$\begin{aligned} \text{height} &= \\ &= 6 \text{ cm} \end{aligned}$$

D - Evaluation

31. No of cubes
 Cross sectional area height
 (21 × 4)
 = 84 cubes

32. 3.20 = 15.20
 - 8.20 - 8.20

$$\begin{aligned} &= 7.00 \\ &= (7 \text{ hrs} - 21/2 \text{ hrs}) \\ &= 4 1/2 \text{ hr} \div 45 \text{ min} \\ &9/2 \div 3/4 \\ &(9/2 \times 4/3) = \\ &6 \text{ lessons} \end{aligned}$$

C - Comprehension

33. Sarah = y
 Joseph = 2y
 Hillary = 2y - 6
 2 years time

$$\begin{aligned} \text{Sarah} &= y + 2 \\ \text{Joseph} &= 2y + 2 \\ \text{Hillary} &= 2y - 6 + 2 = 2y - 4 \\ &y + 2 + 2y + 2 + 2y - 4 \end{aligned}$$

$$\begin{aligned} &y + 2y + 2y + 2 + 2 - 4 \\ 5y + 4 - 4 \\ &= 5y \end{aligned}$$

C - Synthesis

34. 45.6 + 0.24 × 7.2 - 4.5

$$\begin{aligned} &0.36 \times 0.96 \\ 45.6 + 5 - 4.5 &= 46.1 \end{aligned}$$

C - Knowledge

35. 2/5 (25x - 20) - 3 (1/3x + 1)
 10x - 8 - x - 3

$$\begin{aligned} &10x - x - 8 - 3 \\ 9x - 11 \end{aligned}$$

C - Comprehension

36. The difference between two consecutive odd numbers is 2

$$x + x + 2 + x + 4 = 111$$

$$3x + 6 = 111$$

$$3x = 105$$

$$x = 35$$

B - Analysis

37. Area of the shaded part = 1/4c - Triangle.
 = (1/4 × 22/7 × 14 × 14) - (1/2 × 14 × 14)
 = 154cm

A - Comprehension

38. Boys = 2/5
 Girls = 3/5
 Difference = 1/5
 3/5 = 18

$$\begin{aligned} 1/5 &= (1/5 \times 18 \times 5/3) \\ &= 6 \end{aligned}$$

D - Analysis

39. P = sh. 4000
 Left = (500 - 20) = 480
 Piles = 480/3 = 160
 S.P = (160 × 30

$$\text{sh. 4800}$$

$$\% P = P/B.P \times 100$$

$$P = 800$$

$$= (800 \times 100)$$

$$= 4000$$

$$= 20\%$$

C - Application

40. 1 day = (3 × 200) ml = 600ml
 January = 31
 Feb = 29
 Total = 30 days

$$(60 \times 600) \text{L}$$

$$= 1000$$

$$= 36 \text{L}$$

A - Comprehension

41. 120% = 10728
 100% = (100 × 10728)

$$= 120$$

$$\text{sh. 8940}$$

B - Application

42.

Angle Y $\times 2 = 105$

C - Analysis

43.

MP = 20 000
 HP = (115 \times 20000)

$\overline{100}$
 HP = sh. 23 000
 Total M.I = (1050 \times 18)
 sh. 18900
 Deposit = H.P. - T.M.I
 23000 - 18900
 = sh. 1100

A - Synthesis

44.

12.5% as a fraction form.
 $\frac{12.5}{100} = \frac{125}{1000} = \frac{1}{8}$

$\overline{100}$ $\overline{1000}$
 C - Knowledge

45.

Faces = 5
 Vertices = 5
 total 10

B - Comprehension

46. 7, 14, 25, 38, 55, 74

Prime numbers
 55 + 74 = 129
 A - Comprehension

47.

P = 50cm
 Base = (50 - 34)cm
 = 16cm

area = $\frac{1}{2} \times b \times h$
 = $(\frac{1}{2} \times 16 \times 15)$
 = 120cm

B - analysis

48.

Volume = BA \times height
 $2 (\frac{1}{2} \times 22 \times 7 \times 0.7 \times 0.7 \times 3)$
 = 2.31m
 = 2310L
 1 L = 10dl
 2310L = 2310 \times 10
 = 2310dl

D - Synthesis

49. (40bags \times 110)
 4400kg

Half = 2200
 = 2.2t
 Lorry = 5.7 - 2.2
 3.5t

50. absent pupils

Monday = 5
 Tuesday = 2
 Wed = 7
 Thur = 0
 Friday = 5
 total 19
 Av = $\frac{19}{5} = 3.8$
 B - Analysis

ENGLISH

No	Ans	Reasoning and Explaining	Cognitive
1.	D	The determiner 'each' emphasizes every single factor among the many to be considered before deciding a career	Comprehension
2.	C	The question tested opt use of vocabulary play a role means 'contribute to' whereas play a part means 'share in' or 'have a part'	Evaluation
3.	A	The question tested articles. Since one is choosing one career, 'a' is the most appropriate word to use here.	knowledge
4.	B	Someone is the most correct because it refers to that one person . Somebody is not appropriate because it is informal. Everyone means all	Analysis
5.	C	Anyone is used with 'if' and in question and negative sentences. Since there is no comparison, we use a positive adverb.	Knowledge
6.	A	The person's interest is definitely not going to change, so will is the most appropriate.	Application
7.	D	Here we need a conjunctive adverb that shows results.	knowledge
8.	C	One knows both what they like and what they don't like, not either.	Comprehension
9.	A	It tested opt use of vocabulary. One 'makes' a list.	Evaluation
10.	B	'get into' implies 'get involved in'. One gets involved in an occupation	Application
11.	B	One has no choice but to shorten their list based on nothing but their interests, it is, therefore, obligatory.	Synthesis
12.	A	Of the list one has made, they are advised to pick that occupation which suits them best, that is to say, the most relevant according to their interest.	Comprehension
13.	D	Unlike knowledge that is gained, skills are acquired through training. This tested correct use of vocabulary.	knowledge
14.	C	One is interested 'in' something. Interested 'with' is just a common mistake.	Knowledge
15.	D	Since the modal auxiliary verb 'will' has been used in the positive sentence, we form a question tag by negating it.	Analysis
16.	D	Improbably conditions imply that a result has not been got because a condition has not been met. NB: We don't explain improbable conditions using sentences in the past tense.	Comprehension
17.	D	A direct speech in simple past changes to past perfect tense in the reported speech.	knowledge
18.	C	What came first was the blast which was soon after or immediately followed by people scrambling to safety. B. is incorrect because of the wrong order of events.	Synthesis
19.	A	'Has' in this case has been used as the main verb. The question tag, therefore, takes the correct form of 'do'	knowledge
20.	B	It was not the case of an accident.	Synthesis
21.	C	Since Daniel made fall, he felled me.	
22.	B	The key is B A. is lacking hyphens in 'hide and seek' C. is lacking an apostrophe in 'it's' D. does not obey the rule of capitalisation of proper nouns.	Analysis
23.	B	The key is B A. Adjectives are not pluralised, the hyphenated compound adjective 'hundred -shillings' should not have an 's' at the end. C. Reporting verbs/ phrases must start with small letters unless the first word is proper noun. D. The pronoun 'I' must always be capitalised.	Analysis

Table for question 24 and 25.

Synthesis

26. C The writer's mother was an embarrassment to him because her mother was handicapped. She was one-eyed. Since her mother donated one of her eyes to him, she has always been one-eyed
27. B He asked his mother why she was not having the other eye to show his resentment. Not waiting his mother to go to school is not the main reason being that even after he got a well-paying job his hate for the mother never changed
28. A The word 'taunted' as used in the passage means that other pupils were making fun of him. To encourage means to foster, motivate or to give hope.
29. D His mother was crying quietly because she never wanted her son to be discover her painful feelings.
30. D The phrase (there was something pinching at me at the corner of my heart' means that he was feeling guilty of her action.
31. A The writer asked the mother she was out of pretence. He knew his mother very well but he was just trying to find a way of keeping her off.
32. B He was revealed because he thought that his one-eyed mother could not remember him especially when she said that she might have got the wrong address
33. C The writer wanted his wife to know about his background(his one-eyed mother who was embarrassment to him). From this, he decided to lie to his wife that he was going on business trip
34. C The writer received the letter when he was still in Seoul
35. D When her son lost of his eyes in an accident, out of love, she donated one of her eyes to her son whom she was really proud of.
36. B The write was; barbarous - he wished his dead.
deceitful - he lied to his wife.
intolerant - he could not cope with the condition of the mother.
A selfish person is a person who is motivated to help others.
37. B The writer's mother wrote a letter to him because she wanted him to know the reason why she was one-eyed. She explains why and how she became one-eyed.
38. A The best title for this passage is 'mother's Sacrifice'.
Choice D is wrong because the son only deceit his wife.
39. C Organisation which is brought about by politics enables a country to work as per specific guidelines
40. D The main function of the candidates of the opposition is to question the power. This means that they are policing the government
41. A Some of the constituents of dirty politics according to the passage are:
i) Spreading fake news (propaganda)
ii) Giving provocative speech (incitement)
42. A The word 'cozist' as used in the passage means being gender-biased.
43. B Ministers usually get away with crime because they feel superior and invincible. They are not actually invincible but it is an act of feeling undefeated.
44. C This act of not delivering on the promises is referred to as being dishonest. Disloyal means not demonstrating constant support for someone or something
45. D According to the passage the following factors contributes to election of unqualified people into political offices.
i) Citizens being gullible - Paragraph 6
ii) Power and money.
iii) Insurgent regulations - Minimum education qualifications.
Being a citizen is a general factor that is common to all.
46. D The word 'badly' has been used in the last paragraph. We needed educated ministers badly in the government. The word 'badly' here means very much.
47. B The writer compares uneducated politicians with parasites they are selfish and swindle public resources. They rip where they have not sown
48. A The last sentence - All of us must unite to break the wheel and woe for the prosperous future of our country brings out the aspect of optimism.
49. C The qualities needed in politicians to spur the grown are being learned and responsible
50. B The most appropriate title for this effects of dirty politics. It has severally being mentioned in the passage.

	Jibu	Maelezo	Stadi
1.	A	Neno thatili na dhatili ni vitate.	Ufahamu
2.	D	Mnyambuko sahihi ni kujitoka, A, B, C, hayajanyamiwa sahihi.	Matumizi
3.	D	Neno tusiwe kutumika kujamulisha na pia imekamsiwa vilivyo.	Ufahamu
4.	B	Bali ni kiunganishi cha kuongeza maelezo zaidi.	Ufahamu
5.	C	Msamiati wa methali huwa haubadiliki kamwe.	Ujuzi
6.	D	Jukumu ni ngeli ya LI-YA, wajibu U-U.	Ufahamu
7.	B	Msamiati sahihi ni imebadilika.	Matumizi
8.	A	Ngeli mwafaka katika wingi ni vielelezo - LI-YA	Ujuzi
9.	A	Msemo tunaolaza damu ndio unaotoa maelezo kamili ya mzungumzaji, B,C,D yana maelezo tofauti.	Ujuzi
10.	C	Matumizi ya ji- mtendaji	Ufahamu
11.	B	Asilani ndilo neon mwafaka linalotilia mkazo wa mneueji, C na D ni viunganishi	Ufahamu.
12.	C	A ni wakati timilifu, B, ni wakati uliopo D ni wakati tegemezi.	
13.	D	A - uiganifu sahihi ni za mayorejeka wingi katika ngeli husika	Ufahamu
14.	D	Msamiati mbadala B- ni sawa na vitenzi D ni sawa na vihusishi	Ujuzi
15.	A	Alama sahihi ya kuonyesha vitu orodha.	Ujuzi
16.	D	O-rejeshi haikanushwi bali kitenzi kwenye sentensi	Ufahamu
17.	D	A - ni kivumishi cha pekee, B pia ni cha pekee, D haina kivumishi chochote.	Ujuzi
18.	A	Alipika akiimba matumizi ya ki yanaonyesha vitendo viwili vitavyofanyika wakati mmoja.	Matumizi.
19.	B	A- ni wakati uliopita hali ukanusho, B - ni wakati timilifu, D ni wakati wa mazoea	Matumizi.
20.	B	Nomono za wingi mara nyingi huwa ni vitu vioevu/ majimaji.	Ufahamu.
21.	D	Nomino moto huwa tu katika ngeli ya U-U pekee.	Ufahamu
22.	D	A- kutengele pia huziwa kiganja, B, kwapa huwa schenu ya chini ya bega C, nyongo huwa chini ya kamba wala si juu.	Ufahamu.
23.	B	A - ni aina ya vimilikishi, C ni viunganishi, D ni vihisishi.	Ufahamu.
24.	C	a e i o u - ni vokali	Ufahamu.
25.	D	Taifa ni neno linalopatikana katika ngeli ya LI-YA	
26.	B	Kinyume mwafaka cha neno chimba ni funika.	Ujuzi.
27.	D	Umeshundaje ni maambukizi ya wakati wowote.	Matumizi.
28.	B	A - kinaashiria mara kwa mara, D pia, licha ya	Ujuzi
29.	C	Uundaji sawa wa maneno. A, cheka nikiteni wala sio sifa, B mwalimu ni nomino, D nyuzi ni nomino.	Ufahamu
30.	A	Vikembe, B ni cha ndege, C na D ni makazi ya wanyama.	Ujuzi
31.	C	Mume hakuwa na nia mbaya kamwe dhidi ya mkewe	Ufahamu
32.	B	Kulingana na mke, wageni watarajiwa walikuwa wa kawaida.	Ufahamu
33.	D	Mkewe hakujali wala kutaka wageni waje kwake.	Ujuzi
34.	A	B - tutende wenzetu yale tungeweza kutendewa. Matumizi. C - Mabaya tunayowatukia wengine hucuda yakatukumba.	
35.	A	Imaanishti kuwa ana mtazamo mbadala, y aani akipanda.	Ujuzi
36.	A	A - Kumfumba mta, B - mfanisho, D- kinyume	Ufahamu
37.	A	Nahau. A - hali ya kujuta	Matumizi.
38.	B	Ukweli ni kuwa mume aliwaheshimu wazazi wa mkewe	Ufahamu.
39.	B	Kisawe cha neno saili ni uliza	Ufahamu.
40.	B	Mume alifahamu fika kuwa wazazi wa mke walikuwa wageni	Ufahamu.
41.	C	Idadi kamili ni ile iliyemo katika jibu hili kulingana na ufahamu.	Ufahamu
42.	C	Kulingana na maelezo ufahamuni maelezo haya ndio sahihi	Ujuzi
43.	D	A B na C ni visawe vya neno fariki	Ufahamu
44.	A	Jawabu hili ndilo lina maelezo sahihi	Ufahamu
45.	C	A - yana maana fiche, B - kutilia chumvi	
46.	B	Tarakimu sahihi kwa herufi ni 22, 473 kulingana na ufahamu.	Ujuzi
47.	D	Methali yenye maelezo sawa na kauli husika	Matumizi.
48.	C	Upungufu wa dawa vipimo visivyofaa ndiyo chanzo kuu cha kifo kulingana na ufahamu.	Ufahamu
49.	B	Kutokana na ufahamu, jawabu hili ndilo lina maelezo ya kweli.	Ufahamu
50.	B	Tunafaa kutafiti kakati kabambwe ya kuzuia maambukizi ya ugonjwa wa nimonia	Ujuzi

No	Ans	Reasoning and Explanation	Cognitive
1.	A	Legal drugs in Kenya includes alcohol, tobacco and khat (miraa). Bhang, cocaine, mandrax and inhalants are illegal drugs in Kenya	Knowledge
2.	A	A Incubation stage A HIV test show positive results. No visible signs The patient can transmit the virus knowingly The patient has no AIDS The patient looks healthy	Synthesis
		Symptomatic Stage A HIV test shows positive results. Signs begin to show The patient can transmit the virus The patient has AIDS The body's immunity begins to get weaker.	
3.	D	BCG - At birth only Anti-polio at birth, 6, 10 and 14 weeks DPT - 6, 10 and 14 weeks Antimeasles / yellow fever - 9 months Hepatitis	Analysis
4.	D	Interdependence between plants are always in which plants depend on either plants . Plants depend on each other for food, shade, habit and support.	Comprehension
5.	B	Tap root legumes like beans, peas, groundnuts and green grams. Tubers like potatoes, (both sweet and irish) , carrots, cassava and yams. mango, kales, accacia, cabbage and most of the weeds except wandering jew. Fibrous root Cereals like maize, millet and sorghum Onions, sugarcane , grass , sisal, banana, cocount and wandering jew.	Evaluation
6.	A	Pollination can still take place even if the anthers are destroyed . This can be through self - pollination (from a different flower with the same plant) or cross pollination. Therefore the ovary will develop into fruit and ovules develop into seeds	Evaluation
7.	C	The above method of separating mixtures is called sieving. It is used to separate solids of different sizes. Rice and sand are of almost the same sizes therefore can be separated by picking	Comprehension
8.	B	The above signs are of typhoid . Water-borne diseases can best be controlled by maintaining high standards of environment and personal hygiene	Synthesis Knowledge
9.	B	Use of low temperature like freezing and refrigeration make the bacteria inactive	Comprehension
10.	D	Water does not prevent constipation. Constipation is controlled by taking food rich in dietary fibre.	Comprehension
11.	C	Milk pumpkin and kales are rich in vitamins. Mutton (meat) is mainly rich in protein.	Comprehension
12.	D	A blanket is an insulator . It prevents our bodies from losing heat to surrounding . it is in a whichever way not a source of heat from our bodies to provide warmth. Warmth comes from our bodies which needs to be retained by an insulator. (blanket)	Evaluation
13.	A	Heat reaches a boy standing next a burning jiko through radiation . In between there is air but this method of heat transfer does not require the assistance of air. Just like heat from the sun reaches the earth through radiation but it A does not mean that in between is a vacuum.	Evaluation
14.	B	Light does not provide us with warmth.	Evaluation
15.	A	Cultivating close to a riverbank encourages soil erosion . This soil particles pollute water . Water is conserved through the following ways. a) Harvesting water b) Re -using water c) Recycling water. d) Using water sparingly.	Knowledge
16.	C	A and D - Principle of reflection of light. B - Light travels in a straight line. C- Refraction of light.	Analysis
17.	C	Both ball bearing and a metallic bowl are made of the same material . One Floats and the other one sinks because they are different shaoes.	Comprehension
18.	A	The best procedure is A . D iii, i, ii - When covering the candle with the glass jar, displaced water may topple the burning candle.	
19.	B	Friction force is useful in marning, cycling and digging for stability Digging friction improves the grip.	Application
20.	D	The diagrams are of a whale(mammal) and a bird. Whales do not lay eggs Both mammals (whale) and birds, a) Breath through lungs. b) have internal fertilisation c) are warm blooded d) Take care of their young ones.	Analysis
21.	C	Both external and internal parasites can be controlled by practicing rotational grazing . It breaks the life cycle of the parasites	Comprehension
22.	A	Dairy cows - mainly milk but also provides us with beef	Comprehension

23.	B	A person who is already infected can best prevent himself from spreading the disease by being isolated and given immediate treatment.	Application
24.	D	It is a fact that HIV/AIDS weakens the body's immunity.	Knowledge
25.	A	Sunflower, cotton, coconut, groundnuts, maize, macadia are some of the oil crops.	Comprehension
26.	B	Physical changes adolescent girls. Hips broadens Hair grows in pubic areas Breasts enlarge Pimples may appear on the faces Production of mature female sex cells Rapid body growth.	Analysis
27.	A	Urine is produced in the liver. The part marked W Y - (Bladder) Temporarily stores urine. X - (Ureter) - Transports urine to the bladder z - (Urethra) - Allows for the passage of urine to the outside.	Knowledge
28.	A	Pulmonary vein transports oxygenated blood from the lungs to the heart.	Comprehension
29.	A	When eating sugarcane Canines - are used for tearing. Molars and pre molars are used for chewing to extract juice. Incisors are not used	Comprehension
30.	C	Compost manure is prepared from any form of organic waste. Farmyard manure - Animal waste and beddings.	Comprehension
31.	B	The above method is called - a method of rotational grazing. Livestock can be fed on any type of feed.	Evaluation
32.	C	Water and mineral salts are absorbed in the large intestine (colon)	Knowledge
33.	A	Only solids have definite shape	Knowledge
34.	B	The mass of an object is measured using a beam balance.	Comprehension
35.	D	Weight is the gravitational pull experienced by an object.	Comprehension
36.	D	The two liquids are immiscible E - Petrol, kerosene, cooking oil or diesel F - Water, milk, methylated spirit, ink F is denser than E.	Synthesis
37.		Nitrogen gas is used by leguminous plants to make protein.	Comprehension
38.	C	Major components of the environment are air, water, soil, plants and animals.	Knowledge
39.	C	Signs and Symptoms of marasmus Muscles wastage wrinkles on the skin Severe loss of weight The child looks like an old person. Sores at the corner of the mouth is a sign of Kwashiokor	Analysis
40.	A	Materials required when modelling the solar system are i) Clay /plasticine / candle/ papier mache ii) Soft board iii) Manila paper iv) Name tags v) Glue v) Pins / thorns/ pieces of barbed wire.	Synthesis
41.	C	Direction of sunset -West The arrow of a windvane point where the wind is blowing from.	Comprehension
42.	D	Clay soil cracks when dry and Sandy soil has best drainage.	Analysis
43.	B	Ants, millipedes, snails, slugs and centipede are some of the small animals that live in soil.	Knowledge
44.	B	Storage pests attack stored crops Examples are weevils, mite, rodents, weaverbird is a field pest.	Comprehension
45.	A	Functions of the amniotic fluid. Prevent the foetus from accidental injuries. Moistens the foetus. Allows for free movement Act as shock absorber.	Analysis
46.	A	Bicycles dynamo, wind - driven turbines and petrol -driven generators are all types of generator	Comprehension
47.	D	Spade and fishing rod have effort between the load and the fulcrum.	Comprehension
48.	B	Cooling parts of machine is a use of water in industries.	Knowledge
49.	A	Rubber band does not allow the electric current to pass through it. It is a poor conductor of electricity.	Knowledge
50.	D	Desmodium is a leguminous plant that mainly provide the livestock with protein. It is not a commercial feed.	Comprehension

No	Ans	Reasons and Explanation
1	A	Land slopes from a highland to a low land. Hence South to North East
2	C	Near the saw mill, highland, also presence of tea - Red volcanic soil i.e Tea, Coffee and Pyre thumt.
3	D	The highest point is the place with the highest altitude. This is shown in the map by the source of the River (Near the saw mill)
4	C	Approximate area of the cattle ranch . Draw squares of 1 cm each to cover the area. Count the number of complete squares Make the incomplete squares and add to the previous complete their multiply - (10cm)
5	D	Crop farming - Tea Transport - road Trade - Market and Shops Fishing - No fishing evidence.
6	C	The main factor that has influenced the location and growth of Katana town transport activities . It is located at cross roads (junction)
7	C	Saw mills are located near the source of raw materials due to nature /bulkiness of the raw materials . (Near the forest)
8	C	Congo Basin - Bantu Horn of Africa - Cushites Bahrel - Ghazal - Nilotes (Nile valley) Arabian Peninsula - Semites
9	A	Ngwenyama - King (lion) Ndlovukazi - The Queen mother Sibutu - The Chief Lusendo - Royal family
10	C	The maasai practices transhumance They grow food crops around their shelters. They mainly keep large herds of animals for prestige. They don't keep their animals in ranches.
11	B	Headteacher - supervises activities Write minutes during committee meeting Receives school funds Handles school finances. Admits new pupils. Chair staff meeting.
12	A	Winds R - South West trade winds.
13	B	Winds of Azor blow parallel to the coastline hence not enough rainfall. At Axim blow across the coastline bringing alot of rainfall.
14	D	Ameru - Council of elders Maasai - Council of elders Abawanga - Kings
15	C	Kesyan citizen by registration a foreigner must live in the country for atleast 7 years. Child adopted by a citizen.
16	D	Phases of the moon. a) New moon - rain season b) Full moon - Dry season
17	C	Vasco Da Gama - Earliest explorer to E.A coast. Looking for a shorter sea route to India. Was a soldier. Defended Sultan at Kuria.
18	B	Aswan - Nile Kamba - Zambezi Akosombo - Volta Masings - Tana
19	C	Deserts - High temperatures during the day due to clear skies. Low temperatures at night due to clear skies(absence of clouds)
20	A	Haile Selassie - Founder member of OAU Defeated Italians (1934 - 1941) Abolished slave trade and slavery. First chairman of AU Modernized his country Promoted education
21	C	According to the population pyramid, majority of the people are old or aging . There are few young people. People above 35 years are more.
22	A	The population pyramid represents a developed country Germany

23	A	Africa lies to the south of East of the Atlantic Ocean West of Indian Ocean. South West of Asia. South of Mediterranean sea
24	C	Importance of temperatures of Kenyan Constitution shows the rules and regulations Promotes National Unity Protects human rights. Upholds the rule of law. Shows the structures of the government.
25	D	Most widespread means of communication in rural area is the radio because it can reach many people for the shorter time possible.
26	D	Main problem facing road transport is inadequate funds to build modern roads It is expensive to construct roads.
27	A	Ntami - Nyamwezi chiefs Kabaka - Buganda kins Minulo - Tax collector in Nyamwezi chiefdom.
28	A	Copper - gas pipes coins Alloys Tv screens Jewelries Electric wires Telephone wires.
29	C	Samori Toure - resisted Mekatilili - Resisted Kabaka Mwanga - Resisted Lewanika - Collaborated
30	B	The senate assembly discusses all matters related to the counties They do overnight role. Approves by -laws made by the counties.
31	B	Cameroon - Younde Zimbabwe - Harare Angola - Luanda Gabon - Libreville
31	D	Effects of deforestation Climate Soil erosion Drought Reduced volume of water(main) Affects the water and carbon cycle.
33	D	Trading blocks were formed to promote trade by eliminating trade barriers. Main problem facing them is production of similar goods.
34	C	Assimilation - France Senegal Association - Alternative used after assimilation failed. Direct rules - Belgian- British Germans DRC Kenya Tanganyika Mozambique Indirect rule - British Northern Nigeria
35	B	Rill erosion Splash erosion Sheet erosion Gully erosion - gabions /check dams
36	C	R-chal - Downwarping(VKCBMC)
37	C	Ngoni - insecurity - last community to migrate into Eastern Africa from the South.
38	B	S - horn of Africa - affected by -shape of the land, winds and ocean currents.
39	B	Q - rainforest - Tall trees close together forming a canopy. Little or no undergrowth. Huge trunks Creepers and Lianas
40	A	Amara - Sudan Lalibera - Ethiopia

		Kiobo Fora - Kenya Njongezi - Uganda
41	D	Eliud Mbatia was the first Africa to be nominated to legco in 1954.
42	C	Ways of promoting peace Forgiveness Reconciliation Fair distribution of resources. Fair application of the law Equal job opportunities.
42	C	20 -26, shelter from strong winds Bananas 150 -21 - high altitudes Slightly acidic soil - Tea -19-26 - Coffee. Over 24 variety of soil, low rainfall - sisal.
44	D	The best way to curb drug and substance abuse is by increasing public awareness on the dangers of abusing drugs (education on the effects of drugs).
45	B	Civil managers - government officials eg the A.G, magistrate DC etc Customary - Clan elders Religious - Religious leaders.
46	B	Maasai , Njemps - Plain Nilotes. Rendile, Borana, Sanya, Galla - Cushites - Gabbia Kipsigis , Sabaoi - Highland Nilotes Turkana, Bariji, Somali - Cushites
47	C	Zimbabwe - armed struggle Guerilla warfare
48	C	Salting , smoking, sundrying -traditional Canning, freezing - Modern
49	B	MP - minimum age -21 years MCA - minimum age - 18 years Voter - minimum age - 18 years President - minimum age - 21 years.
50	B	Ways of managing rapid population growth Best - Family planning National population policy Discouraging culture practices Discouraging immigration.
51	D	Effects of revolution Position of overhead sun. Varying length of day and night Eclipses Rotation - effects - day and night Sea tides Difference in time. Rising and setting of the sun
52	B	Senegal, Cunene, Orange, Niger, Antlatic Ocean, Limpopo, Zambezi, Shibeili, Runema, Indian Ocean
53	C	Trade -(main) Social media Inter marriage games and sports Workshops and seminars Education.
54	B	OAU - Promote unity Liberate African countries. (2nd main) HIV/AIDS - AU Fighting corruption - AU Greater unity - AU
55	B	Problems facing tourism Insecurity - (terrorism) Poor transport High taxes Travel advisers Poaching
56	B	
57	B	1st June 1963 - Self internal government 12th Dec 1963 - Independence day 20th Dec - 1964 - Freedom fighters arrested 12th Dec - 1964 - Kenya became a republic
58	A	School routine system of planned activities intended to take place in a school.

59	D	It helps to manage time which promotes order in the school. Nzami - Controlled trade Settled only cases of murder Commanded in chief of the armed forces. Chief Prest - offered sacrifices to the Gods
60	A	Navigation - Taking the matter court Arbitration - Inviting a third party who is an official to solve a dispute. Conciliation - Forming an independent commission to investigate . Negotiation - Discussing the matter with one another. CRE
No	Ans	Reasoning and Explanation
61	A	Pain dung Laban Subject to man and desire for man. enmity with the snake.
62	D	Abraham is known as a friend of God because he obeyed and trusted in God Noah -relief
63	C	Moses - Midian Abraham - Haran
64	C	Bethel - dreamt Faniel - wrestled
65	C	Making no images or bow down to idols was a command broken by the Israelites when they worshipped golden calf into the wilderness (2nd commandment)
